Stand out on the high street

These **ultra bright** floating LED Light Pockets will transform your office, drawing in many more sellers and buyers. Just imagine the difference it would make if you sold one extra property a week.

Maximise your display space with sparkling LED Light Pockets suspended between floor and ceiling.

Use larger sizes for high value properties to emphasise the quality of the property.

The very latest in high brightness, low energy displays that will last over 50,000 hours.

Print your own property details in house on professional looking material.
